This Fiscal Year (FY) 2024 Homeland Security Grant Program (HSGP) grant agreement is hereby entered into between the Michigan Department of State Police, Emergency Management and Homeland Security Division (MSP/EMHSD) (hereinafter called the Recipient), and the

DISTRICT HEALTH DEPARTMENT #2 (hereinafter called the Subrecipient)

I. Purpose

The FY 2024 HSGP supports state, local, and tribal efforts to prevent terrorism and other catastrophic events and prepares the Nation for the threats and hazards that pose the greatest risk to the security of the United States. The FY 2024 HSGP provides funding to implement investments that enhance terrorism preparedness and serve to build, sustain, and deliver the 32 core capabilities essential to achieving the National Preparedness Goal of a secure and resilient nation.

The purpose of this grant agreement is to provide federal pass-through funds to the Region 3 Homeland Security Planning Board (hereinafter called the regional board) through the Subrecipient, which has been voted and approved to act as the Fiduciary Agent on behalf of the regional board for the FY 2024 HSGP.

The HSGP is comprised of three grant programs, one of which is covered by this grant agreement:

State Homeland Security Program (SHSP): The SHSP provides funds for state, local, and tribal preparedness activities that address high-priority preparedness gaps across all core capabilities where a nexus to terrorism exists. The SHSP supports the implementation of the National Preparedness System by providing funds to address planning, organization, equipment, training, and exercise needs to prevent, prepare for, protect against, and respond to acts of terrorism. Many capabilities that support terrorism preparedness simultaneously support preparedness for other hazards. Subrecipients must describe this dual-use quality for any activities implemented under this program that are not explicitly focused on terrorism preparedness.

Allowable activities must comply with the FY 2024 HSGP Notice of Funding Opportunity (NOFO) and the Federal Emergency Management Agency(FEMA) Preparedness Grants Manual, both located at <http://www.fema.gov/homeland-security-grant-program>, align with Michigan's FY 2024 SHSP investments, support capability targets established in the Threat and Hazard Identification and Risk Assessment and gaps identified in the Stakeholder Preparedness Review, and align to projects specifically approved by the Recipient.

II. Statutory Authority

Funding for the FY 2024 HSGP is authorized by Section 2002 of the Homeland Security Act of 2002 (Pub. L. No. 107-296, as amended) (6U.S.C. § 603).

Appropriation authority is provided by the *Department of Homeland Security (DHS) Appropriations Act, 2024, Pub. L. No. 118-47, Title III, Protection, Preparedness, Response, and Recovery (2024 DHS Appropriations Act)*.

The Subrecipient agrees to comply with all FY 2024 HSGP program requirements in accordance with the FY 2024 HSGP NOFO and the FEMA Preparedness Grants Manual located at <http://www.fema.gov/homeland-security-grant-program>, the DHS Standard Administrative Terms and Conditions located at <https://www.dhs.gov/publication/fy15-dhs-standard-terms-and-conditions>, the FY 2024 HSGP Agreement Articles Applicable to Subrecipients included with the grant agreement packet, and the FY 2024 HSGP Michigan Supplemental Guidance provided electronically by the MSP/EMHSD.

The Subrecipient shall also comply with the most recent version of:

1. 2 C.F.R., Part 200 of the Code of Federal Regulations (C.F.R.), *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* located at <http://www.ecfr.gov>, select Title 2.
2. The FEMA Directive 108-1: Environmental Planning and Historic Preservation Responsibilities and Program Requirements.

III. Award Amount and Restrictions

- A. The **District Health Department #2**, acting as the Fiduciary Agent on behalf of the Region 3 Board, is awarded **\$695,230** under the FY 2024 HSGP. The grant agreement shall be administered based on the Subrecipient's policies and procedures, provided they conform to state and federal rules, laws, and/or regulations.
- B. The FY 2024 HSGP covers eligible costs from September 1, 2024, to May 31, 2027.
- C. The HSGP funds may not be used to support the hiring of any personnel for the purposes of fulfilling traditional public health and/or safety duties or to supplant traditional public health and safety positions and/or responsibilities.
- D. At least **\$243,331** of award funds must be dedicated towards Law Enforcement Terrorism Prevention Activities (LETPA). Activities eligible for use of LETPA-focused funds are outlined in the National Prevention Framework (and where capabilities are shared with the protection mission area, the National Protection Framework) located at [National Planning Frameworks | FEMA.gov](#). The Subrecipient must meet its minimum LETPA funding requirement for the FY 2024 HSGP.
- E. The FY 2024 HSGP includes six national priority areas. A minimum of 30% of the total allocation, or at least **\$208,569** must be allocated between the six following national priority areas:
 - 1) Enhancing the protection of soft targets/crowded places;
 - 2) Enhancing information and intelligence sharing and analysis;
 - 3) Combating domestic violent extremism;
 - 4) Enhancing community preparedness and resilience;
 - 5) Election Security;
 - 6) Cybersecurity.

The enhancing election security priority area must be funded at a minimum of **\$20,857** or three percent of the award amount. The remaining 27% required can be spent in any of the six listed areas above. All national priority area projects must be pre-approved by FEMA. Additional information on the FY 2024 HSGP national priority areas can be found in the FEMA Preparedness Grants Manual <http://www.fema.gov/homeland-security-grant-program>.

- F. A maximum of **\$347,615** of award funds may be used for personnel and personnel-related activities as directed by the *Personnel Reimbursement for Intelligence Cooperation and Enhancement of Homeland Security Act of 2008* (Public Law 110-412). In general, the use of SHSP funding to pay for staff and/or contractor regular time or overtime/backfill is considered a personnel cost. Additional information on personnel costs is provided in the FEMA Preparedness Grants Manual located at <https://www.fema.gov/media-library/assets/documents/178291>.
- G. A maximum of five percent of awarded funds, or **\$34,761**, may be retained and used solely for management and administration (M&A) purposes associated with the HSGP award. The M&A allowable costs are defined in the *FY 2024 HSGP NOFO* and the *FEMA Preparedness Grants Manual* located at <http://www.fema.gov/homeland-security-grant-program>.
- H. The Subrecipient may only fund projects which directly support one of the FY 2024 HSGP grant investments. To assist Subrecipients, the Recipient has developed the *FY 2024 HSGP Michigan Supplemental Guidance* to provide additional information on developing projects consistent with the *National Preparedness Goal*, state and regional homeland security priorities, and Michigan's FY 2024 SHSP investment justification.
- I. Except as otherwise specifically set forth in this grant agreement, the Recipient (not the Subrecipient) shall make the final determination on how funds awarded under this grant agreement are allocated and/or spent, from projects reviewed and approved by the regional board and submitted to the Recipient by the Subrecipient.
- J. For any activities involving construction, demolition, ground disturbance, or installations of equipment, an Environmental and Historic Preservation (EHP) review must be completed.

Any work started before receiving EHP approval will result in a non-compliance finding and not be eligible for federal funding.

- K. A portion of FY 2024 SHSP funds should be allocated toward the sustainment of the Regional Response Team Network and search and rescue capabilities, where applicable. The Subrecipient should ensure that support is provided through appropriate planning, equipment, training, and exercise activities.
- L. In the event that the DHS determines changes are necessary to the award document after an award has been made, including but not limited to changes to the period of performance or terms and conditions, Subrecipients will be notified of the changes in writing. Once notification has been made, any subsequent request for funds will indicate Subrecipient acceptance of the changes to the award.

IV. Responsibilities of the Subrecipient

- A. **Grant funds must supplement, not supplant, state or local funds.** Federal funds must be used to supplement existing funds, not replace (supplant) funds that have been appropriated for the same purpose. Potential supplanting will be carefully reviewed in subsequent monitoring reviews and audits. Subrecipients may be required to supply documentation certifying that a reduction in non-federal resources occurred for reasons other than the receipt or expected receipt of federal funds.

- B. Refer to the FY 2024 HSGP NOFO and the FEMA Preparedness Grants Manual located at <http://www.fema.gov/homeland-security-grant-program> for a detailed list of allowable costs and program activities under this grant.
- C. The subrecipient shall not use FY 2024 HSGP funds to generate program income.
- D. In addition to this grant agreement, the Subrecipient shall complete, sign, and submit to the Recipient the following documents, which are incorporated by reference into this grant agreement:
1. Subrecipient Risk Assessment Certification;
 2. Standard Assurances;
 3. Certifications Regarding Lobbying; Debarment, Suspension and Other Responsibility Matters; and Drug-Free Workplace Requirements;
 4. Audit Certification (EMD-053);
 5. Request for Taxpayer Identification Number and Certification (W-9);
 6. Other documents that may be required by federal or state officials.
- E. The Subrecipient agrees to act as the Fiduciary Agent on behalf of the regional board for the FY 2024 HSGP. The Subrecipient agrees to comply with all applicable federal and state regulations, including, but not limited to, the following:
1. Make all purchases in accordance with federal, and local purchasing policies. The Federal Procurement Procedure citations are found at 2 C.F.R., 200.318-326, and Appendix II; and are located at <http://www.ecfr.gov>.
 2. The Subrecipient is required to submit reports to the Recipient on the status of all projects and funding. Reporting must follow the format and schedule specified by the Recipient.
 3. Submit regional board-approved projects to the Recipient in the format specified by the Recipient prior to starting a project. Individual solution area costs must also be submitted to the Recipient for alignment and allowability evaluation prior to starting a project. All grant expenditures must meet the DHS and Recipient grant guidelines, must directly support one of the FY 2024 HSGP Investments, and must support at least one core capability from the National Preparedness Goal. Projects must be coordinated regionally and aligned to appropriate state and regional homeland security priorities. Any project that proposes a change in the scope of work during the grant performance period must be resubmitted to the Recipient for evaluation. Any funds spent on a project prior to receiving Recipient approval may be ineligible for reimbursement.
 4. Create and maintain an inventory of all equipment purchases in accordance with 2 C.F.R., Part 200.313 located at <http://www.ecfr.gov>. Every odd calendar year, the Subrecipient must prepare an equipment inventory list and conduct a physical inventory that is reconciled to that list by June 30. The Subrecipient must supply a copy of this inventory to the **Michigan State Police, Emergency Management and Homeland Security Division, Audit Unit, by email to mshp-emhsd-audit@michigan.gov or by mail to: PO Box 30634, Lansing, Michigan 48909.** The physical inventory must be submitted to the Audit Unit by July 31, of the same year the inventory is completed. The template can be found on the MSP/EMHSD Grant Programs webpage at www.michigan.gov/emhsd or by emailing EMD_HSGP@michigan.gov.
 5. If the Subrecipient purchases equipment for a local governmental unit with FY 2024 HSGP funds, the Subrecipient shall make the equipment available for pick-up by other local governmental units per equipment assignments by the regional board. This process needs to include legal transfer of the equipment to the designated local governmental units. At a minimum, the Subrecipient should prepare documents, which, when signed, will indicate

other designated local governmental units accept full legal and financial responsibility for the pieces of equipment.

6. The Subrecipient agrees to prepare and submit reimbursement requests to the Recipient in a timely manner. Reimbursement requests must include all required supporting documentation, including proof of payment. All reimbursement requests must be submitted to the Recipient no later than 30 days after the end of the performance period identified in this grant agreement. Any remaining balance of funds by that date may be reallocated.
7. Current forms and instructions are located at <http://www.michigan.gov/emhsd>, or can be requested by sending an email to EMD_HSGP@michigan.gov.
8. Comply with applicable financial and administrative requirements set forth in the current edition of 2 C.F.R., Part 200, including, but not limited to, the following provisions:
 - a. Account for receipts and expenditures, maintain adequate financial records and refund expenditures disallowed by federal or state audit.

 - d. Non-federal organizations that expend \$750,000 or more in any federal funds during their current fiscal year are required to have an audit performed in accordance with the Single Audit Act of 1996, and 2 C.F.R., Part 200.
 - e. All equipment dispositions must follow MSP/EMHSD's equipment disposition policy.
9. Comply with National Incident Management System (NIMS) requirements to be eligible to receive federal preparedness funds. The NIMS information is available at <http://www.fema.gov/national-incident-management-system>. More information on complying with NIMS is available from the State NIMS Coordinator at www.michigan.gov/emhsd under Response and Recovery.
10. Subrecipients must carry out their programs and activities in a manner that respects and ensures the protection of civil rights for protected populations. These populations include but are not limited to individuals with disabilities and others with access and functional needs, individuals with limited English proficiency, and other diverse racial and ethnic populations, in accordance with Section 504 of the *Rehabilitation Act of 1973*, Title VI of the *Civil Rights Act of 1964*, and Executive Order (E.O.) 13347.
11. **Environmental and Historic Preservation Compliance.** The federal government is required to consider the effects on the environment and/or historic properties of any federally funded activities and programs, including grant-funded projects. The EHP process ensures that federally funded activities comply with federal EHP regulations, laws, and executive orders as applicable. The goal of these compliance requirements is to protect the nation's environmental, historic, and cultural resources. The Subrecipient shall not undertake any project having the potential to impact EHP resources without prior approval.

Any work started before receiving EHP approval will result in a non-compliance finding and not be eligible for federal funding.

12. Comply with the *Davis-Bacon Act* (40 U.S.C. 3141 *et seq.*) for grant-funded construction projects. The Subrecipient must ensure that contractors or subcontractors for construction projects pay workers employed directly at the worksite no less than the prevailing wages and

14. Comply with all reporting requirements, including special reporting, data collection, and evaluation requirements, as prescribed by law or program guidance.

The Subrecipient also agrees to require any subrecipients, contractors, successors, transferees, and assignees to acknowledge and agree to comply with these same provisions. Detailed information on record access provisions can be found in the *DHS Standard Administrative Terms and Conditions* located at [DHS Standard Terms and Conditions | Homeland Security](#), specifically in the DHS General Acknowledgements and Assurances on page 1.

All reimbursement requests must be submitted to the Recipient no later than 30 days after the end of the performance period identified in this grant agreement. Funds that are not encumbered or do not have pending reimbursement requests by that date will be reallocated.

The Subrecipient agrees to include in every subcontract entered into for the performance of this grant agreement this covenant not to discriminate in employment. A breach of this covenant is a material breach of the grant agreement.

The Subrecipient shall ensure that no subcontractor, manufacturer, or supplier of the Subrecipient for projects related to this grant agreement appears on the Federal Excluded Parties List System located at <https://www.sam.gov>.

IX. Limitation of Liability

The Recipient and the Subrecipient to this grant agreement agree that each must seek its own legal representative and bear its own costs, including judgments, in any litigation that may arise from the performance of this contract. It is specifically understood and agreed that neither party will indemnify the other party in such litigation.

This is not to be construed as a waiver of governmental immunity for either party.

X. Third Parties

This grant agreement is not intended to make any person or entity, not a party to this grant agreement, a third-party beneficiary hereof or to confer on a third party any rights or obligations enforceable in their favor.

XI. Grant Agreement Period

This grant agreement is in full force and effect from September 1, 2024, to May 31, 2027. No costs eligible under this grant agreement shall be incurred before the starting date of this grant agreement, except with prior written approval. This grant agreement may be terminated by either party by giving 30 days written notice to the other party stating reasons for termination and the effective date, or upon the failure of either party to carry out the terms of the grant agreement. Upon any such termination, the Subrecipient agrees to return to the Recipient any funds not authorized for use, and the Recipient shall have no further obligation to reimburse the Subrecipient. Upon termination of the grant agreement, the Subrecipient shall submit documentation, in a format specified by the Recipient, to formally end its status as Fiduciary Agent.

Changes in dates, budget, or services are subject to prior written approval of the Recipient. If any provision of this grant agreement shall be deemed void or unenforceable, the remainder of the grant agreement shall remain valid.

The Recipient may suspend or terminate grant funding to the Subrecipient, in whole or in part, or other measures may be imposed for any of the following reasons:

- B. Failure to comply with the requirements or statutory objectives of federal or state law.

- D. Proposal or implementation of substantial plan changes to the extent that, if originally submitted, the project would not have been approved for funding.
- E. Failure to submit required reports.
- F. Filing of a false certification in the application or other report or document.
- G. Failure to adequately manage, monitor, or direct the grant funded activities of its subrecipients.

Before taking action, the Recipient will provide the Subrecipient reasonable notice of intent to impose corrective measures and will make every effort to resolve the problem informally.

XIII. Business Integrity Clause

The Recipient may immediately cancel the grant without further liability to the Recipient or its employees if the Subrecipient, an officer of the Subrecipient, or an owner of a 25% or greater share of the Subrecipient is convicted of a criminal offense incident to the application for or performance of a state, public, or private grant or subcontract; or convicted of a criminal offense, including, but not limited to any of the

following: embezzlement, theft, forgery, bribery, falsification or destruction of records, receiving stolen property, attempting to influence a public employee to breach the ethical conduct standards for State of Michigan employees; convicted under state or federal antitrust statutes; or convicted of any other criminal offense which, in the sole discretion of the Recipient, reflects on the Subrecipient's business integrity.

XIV. Freedom of Information Act

Much of the information submitted in the course of applying for funding under this program, or provided in the course of grant management activities, may be considered law enforcement-sensitive or otherwise critical to national security interests. This may include threat, risk, and needs assessment information; and discussions of demographics, transportation, public works, and industrial and public health infrastructures. Therefore, each Subrecipient agency Freedom of Information Officer will need to determine what information is to be withheld on a case-by-case basis. The Subrecipient should be familiar with the regulations governing Protected Critical Infrastructure Information (6 C.F.R., Part 29) and protection of Sensitive Security Information (49 C.F.R., Part 1520), as these designations may provide additional protection to certain classes of homeland security information.

| 3.G Detailed Narrative of Intended Use/Outcome: | |
| <p>This project supports preventing, protecting against and responding to acts of terrorism by providing resources to gather intelligence that can be used to anticipate and identify emerging and/or imminent threats. This project will fund part of the first and second years of user and software fees, plus installation costs, for ten FLOCK license plate recognition cameras for the Genesee County Sheriff's Office. The service will be prorated to align with the performance period of the FY 2022 and 2023 HSGPs. The camera system will be used to gather vital intelligence and track suspected terrorists. The camera system will be used to capture objective vehicle data, including license plate numbers and vehicle descriptions 24/7. The system software offers real-time hot list alerts, search-able evidence, and vehicle analytics, empowering law enforcement officers to improve response times during critical incidents and streamline investigations. The information gathered from this equipment can assist law enforcement in effectively and appropriately sharing relevant, timely and actionable information and analysis with local, state, tribal, territorial, Federal, private sector, and international partners. This project can be claimed as LETPA as it addresses the core capability of "Intelligence and Information Sharing" within the National Prevention Framework. Specifically, this project directly addresses the critical task articulated in the framework of "gather/collect information via law enforcement operations, suspicious activity reporting, surveillance, community engagement, and other activities and sources as necessary."</p> <p>Combating terrorism continues to be a priority for the Department of Homeland Security. Our national security relies on our ability to share the right information with the right people at the right time. As the world has become increasingly networked, addressing the challenges to national security, both foreign and domestic, requires sustained collaboration and responsible information sharing. The imperative to secure and protect the American public is a partnership shared at all levels, including Federal, state, local, tribal, and territorial. Partnerships and collaborations must occur within and among intelligence, defense, diplomatic, homeland security, law enforcement, and private sector communities.</p> <p>This project establishes a secure and resilient nation by providing resources and equipment that will facilitate the timely, accurate, and actionable information resulting from the planning, direction, collection, exploitation, processing, analysis, production, dissemination, evaluation, and feedback of available information concerning threats to the United State, its people, property, or interests; the development, proliferation, or use of WMDs; or any other matter bearing on U.S. national or homeland security by local, state, tribal, territorial, Federal, and other stakeholders. Effective homeland security operations rely on cooperation and information sharing among federal, state, local, and tribal partners across all areas of the homeland security enterprise, including counterterrorism. Having equipment and resources that facilitate effective and timely gathering, analysis, and dissemination of intelligence and information is key to building a secure and resilient nation and combating terrorism. Completion of this project will ensure that law enforcement agencies in Region 3 have the resources to be able to gather, process, monitor, and distribute intelligence information.</p> | |
| 3.H Personnel Activity: Are the costs identified in this project associated with Personnel Activities? Please consult your federal grant program guidance for a more detailed description of allowable costs and to verify the maximum personnel cap percentage. The subrecipient is responsible for ensuring that the maximum personnel cap amount is not exceeded. | No |
| 3.I EHP: Will there be ANY construction, ground disturbance, renovation and/or installation, or outdoor training or exercises with this project, regardless of funding source? | Yes |
| <p>Environmental and Historic Preservation Compliance. The Federal Emergency Management Agency (FEMA) is required to consider the potential impacts to the human and natural environment of projects proposed for FEMA funding. FEMA, through its Environmental and Historic Preservation (EHP) Program, engages in a review to ensure that FEMA-funded activities comply with various federal laws. Use of funds for construction, renovation, installation, or outdoor training or exercise activities must comply with EHP standards. Subrecipients must complete and submit an EHP Screening Memo for these projects. The use of federal funds on any part of a project may "federalize" the entire project, thereby requiring an EHP Program review of the entire project. <u>Any activities that have been initiated without the necessary EHP review and approval will result in a non-compliance finding and will not be eligible for FEMA funding.</u></p> | |
| Federal funds must be used to supplement existing funds, and shall not replace (supplant) funds that have been appropriated for the same purpose. Potential supplanting will be carefully reviewed in subsequent monitoring reviews and audits. | |

| Justification or Conditional Justification Accepted means that MSP/EMHSD will work with the subrecipient during an audit to prove allowability under the grant program chosen in section 2.B based on the intended use/outcome described in section 3.G. If the intended use/outcome is different than listed in section 3.G, MSP/EMHSD may not be able to justify in an audit that the costs are allowable under the grant program chosen in section 2.B. If anything is deemed unallowable during an audit, the subrecipient will be responsible for repayment of the funding to the federal government and shall return the funds to MSP/EMHSD. Those receiving FEMA federal financial assistance are subject to the prohibitions described in section 889 of the John S. McCain National Defense Authorization Act for Fiscal Year 2019 (FY 2019 NDAA), Pub. L. No. 115-232 (2018) and 2 C.F.R. §§ 200.216, 200.326, 200.471, and Appendix II to 2 C.F.R. Part 200. This statute applies to FEMA recipients, subrecipients, and their contractors and subcontractors. The statute prohibits obligating or expending federal award funds on certain telecommunications and video surveillance products and contracting with certain entities for national security reasons. For additional guidance, please refer to FEMA Policy #405-143-1, Prohibitions on Expending FEMA Award Funds for Covered Telecommunications Equipment or Services (Interim). | | | | | | | | | |

RE: Approval to accept a grant award from the Michigan State Police Auto Theft Prevention Authority (ATPA), in the amount of \$1,827,797.00 with a match of \$1,151,512.00, for the grant period of October 1, 2025 through September 30, 2026 for fiscal year 2025-2026

BOARD ACTION REQUESTED:

Approval of ATPA grant from the Michigan State police in the amount of \$1,827,797 with a match of \$1,151,512.00 for the grant period of October 1, 2025, through September 30, 2026. This grant and match amount allows the Sheriff's Office along with eight (8) other local police agencies to dedicate investigators to pursue thefts of automobiles.

BACKGROUND:

The Automobile Theft Prevention Authority (ATPA), a division of the Michigan State Police, provides grants to sheriffs to assist with the investigation and prosecution of cases involving automobile theft and related offenses. The Genesee County Sheriff's Office has relied on this grant for the partial funding of its Auto Theft and Fraud Prosecution Unit for the past 34 years. This grant provides 60% funding for the salaries and fringe benefits of those nine (9) investigators assigned to Genesee Auto Investigation Network (GAIN) lead by the Sheriff's Office include Burton PD, Davison Twp. PD, Flint PD, Flint Twp. PD, Flushing City PD, Grand Blanc City PD, Grand Blanc Twp. PD, and The Metro Police Authority. GAIN investigators investigate all auto theft related crime, such as auto thefts, title fraud, and carjackings. The total grant award for FY2025-2026 is \$1,827,797 with a local match of \$1,151,512 coming from all respective agencies. The Counties match cost of \$182,785.00 from account # 2856-310.00-699.003.

DISCUSSION:

In the past this grant has been awarded a 50/50% award and match amount and budgeted each year accordingly. For this fiscal year the award amount has been reduced to a 37% award requiring the remaining amount to be matched by the respective agencies. This adjustment results in an additional request of \$37,467 from the general fund.

CONFORMITY TO COUNTY PRIORITIES:

The ATPA grant money advances the priority of safe communities by adding resources to address auto thefts, title fraud and violent crimes such as carjackings. These grant funds also tie into the County's value of service by giving us more resources to provide prompt, efficient and competent service to victims of crime while at the same time helping secure the County's financial stability by providing funds that otherwise would have come from the County's general fund.

TO THE HONORABLE CHAIRPERSON AND MEMBERS OF THE GENESEE COUNTY BOARD OF COMMISSIONERS, GENESEE COUNTY, MICHIGAN

LADIES AND GENTLEMEN:

BE IT RESOLVED, by this Board of County Commissioners of Genesee County, Michigan, that the request by the Office of Genesee County Sheriff to authorize accepting a grant from the Auto Theft Prevention Authority, a division of the Michigan State Police, in the amount of \$676,285.00 with required matching funds of \$182,785.00 coming from the Sheriff's Office general fund budget, is approved (a copy of the memorandum request and supporting documents being on file with the official records of the September 17, 2025 meeting of the Governmental Operations Committee of this Board), the Chairperson of this Board is authorized to execute any necessary documents on behalf of Genesee County, and the Chief Financial Officer is directed to record the attached budget amendment.

Plante Moran - Prescription Drug Coverage

Genesee County

Retiree Pharmacy Benefit Manager Switch to SmithRx

January 28, 2026

Background

- ❖ The County has been with Express Scripts for pharmacy coverage for many years (current pharmacy benefit manager, or PBM)
- ❖ Pharmacy spend was identified as a **major cost driver** on the health plan several years ago, prompting an RFP and an updated contract with Express Scripts through RxBenefits, with the hope of addressing this issue
- ❖ **Pharmacy costs continue to rise on the County plan** and in the US in general, with an average inflationary increase of 14-18% in 2026, and we anticipate that the trend will continue
- ❖ **County members fill a higher-than-average number of prescriptions**
- ❖ The County moved PBMs many years ago, with the carve-out to Express Scripts, so some retirees will have been through a similar change
- ❖ The County's health plan continues to run over budget

Recommendation & Expected Results

Recommend that the retiree plans* follow the active employee move away from Express Scripts to a more transparent and cost-effective pharmacy benefit manager (PBM) called SmithRx

It aligns with bipartisan PBM legislation that emphasizes transparency and lowest net drug cost

- ❖ SmithRx is paid by **administrative fees only**, uses 1-year contracts (only) and their business model is based on helping members get the medication they need at the **lowest net cost to the member and the health plan**
- ❖ **Estimated ~8% savings** on retiree pharmacy spend (~\$360k annually) and anticipated positive effect on both retirees and the sustainability of the County's plan
- ❖ Renewing the contract with Express Scripts (not changing) will lock the County into a 3-year arrangement again with penalties for early termination; they also will not disclose how much money they make on the County's contract
- ❖ Additional background available in back of deck and from December BOC meeting

** Retirees whose benefits mirror the active population will be part of the active's move to SmithRx*

Recommendation & Expected Results

- ❖ Improve/consolidate the copay structure – all plans will have the same or lower copayments for each of the tiers (generic/brand/non-preferred brand & specialty)
 - ❖ Retirees who have a \$5/\$20/\$40 copay structure will stay the same
 - ❖ Retirees who have a \$2/\$2/\$2 or \$3/\$3/\$3 copay structure will move to a \$0/\$2/\$2 copay structure
 - ❖ Retirees who have a \$5/\$5/\$5, \$5/\$10/\$10, or \$5/\$15/\$25 copay structure will to a \$0/\$5/\$5 copay structure
 - ❖ Some drugs may be classified differently with Smith than with Express Scripts, and some drugs may not be on the Smith formulary or may require members to apply for assistance to access at a lower cost (in some cases \$0)
 - ❖ All members will be eligible for assistance through SmithRx's programs, depending on the medication, that could further reduce their copayments to \$0
- ❖ Consolidated plan designs are also less administrative lift for the County (indirect cost)
- ❖ Based on an analysis of claims from last year, about 14.5% of plan members (107 members) would have a different experience with their pharmacy benefit (different medication, different formulary tier, apply for a savings program, etc.). In addition, many retirees use mail order for their medications and will need to get an updated script as the mail order pharmacies would change
- ❖ The County has changed PBMs before, (carving out to Express Scripts several years ago and moving to Express Scripts with RxBenefits in 2023) – this type of change is normative for employers as part of running their health plan

Strategic Move

While savings are important, this is an important strategic move for the County

Transparent compensation model – you know what you're paying and what you're getting

- ❖ Aligned incentives – SmithRx exists to provide lowest-net-cost to member and plan (no incentive to drive Rx spend in order to maximize revenue like traditional PBM contracts)
- ❖ Fiduciary responsibility to ensure plan assets are spent wisely – doing due diligence to make sure County and members aren't overspending
- ❖ Increase member support through lower/no-cost programs – take advantage of monies that exist from manufacturers or sourcing channels not available through current arrangement
- ❖ Take advantage of other developments in the pharmacy market (e.g., Mark Cuban Cost Plus)
