Alignment and Allowability Form					
1.A Subrecipient Name:		District Health Department No. 2			
1.B Region:	3-Three	1.C Regional Fiduciary:	Yes	1.D Date Sent:	July 24, 2024
1.E Category:		Sustaining or maintaining a current capability			
1.F Subrecipient Point of Contact:		Melissa Upper		1.I Project Lead (If applicable):	
1.G Subrecipient Email Address:		melupper@gmail.com		1.J Project Lead Email Address:	
1.H Subrecipient Phone Number:		989-736-1224		1.K Project Lead Phone Number:	
Part II - ALIGNMENT REVIEW					
2.A Grant Year:		2023		2.B Grant Program: HSGP-State Homeland Security Program (LETPA)	
2.C Investment Title:		FY23 SHSP - (3) Intelligence and Information Sharing			
2.D Investment Project Number:		8		2.E Investment Project Title: Intelligence & Information Sharing (National Priority)	
2.F National Priority:		Intelligence and Information Sharing and Analysis		2.G Local Sub-Project Identifier, if needed (SUBRECIPIENT USE ONLY):	
				Genesee Co SO Flock Cameras IIS	
2.H Investment and Investment Project Alignment:					
This project aligns with the following Investment Statement: "This investment will allow Michigan to sustain the primary fusion center, the Michigan Intelligence Operations Center (MIOC), support the Detroit Southeast Michigan Intelligence Information Center (DSEMIIC), and continue to address functional area shortfalls related to the Intelligence and Information Sharing capability identified in the 2021 SPR." This project aligns with the Core Capability, Intelligence & Information Sharing, and in the supported activities of analysis of intelligence and information, continuous threat assessment, monitoring information, exploiting and processing information, and gathering intelligence. This project also aligns with Investment Project #8, Intelligence & Information Sharing (National Priority), in that it will enhance and expand the terrorism related information sharing activities of Region 3 law enforcement agencies through the installation and sustainment of Flock cameras systems for Region 3 law enforcement agencies. This project establishes a secure and resilient nation by providing resources and equipment that will facilitate the gathering of information and sharing of timely, accurate, and actionable information resulting from the planning, direction, collection, exploitation, processing, analysis, production, dissemination, evaluation, and feedback of available information concerning threats to the United States, its people, property, or interests; the development, proliferation, or use of WMDs; or any other matter bearing on U.S. national or homeland security by local, state, tribal, territorial, Federal, and other stakeholders. The budget for this project will total \$70,874.00 and will include funding for up to 60 memberships for the MAGLOCLEN RISS Program, which offers secure information sharing and communications capabilities, critical analytical and investigative support services, and event deconfliction to enhance officer safety. The RISS Program supports efforts against organized and violent crime, gang activity, drug activity, terrorism and violent extremism, human trafficking, identity theft, cybercrime, and other regional priorities. This project will also fund a combination of up to twenty mobile data terminals (MDTs), body cameras, and in-car camera systems, which will allow regional law enforcement personnel to gather and utilize intelligence from their person and patrol vehicles allowing for personnel to receive and send vital information as soon as it is available. The stationery license plate readers will be located at high traffic locations and used to track the movement of suspicious actors and gather vital intelligence which will also be monitored by local law enforcement.					
2.I Homeland Security Strategy (SHSS or RHSS) Goal (OPTIONAL):			Goal 6: Enhance intelligence & information sharing among private & public stakeholders		
2.J Homeland Security Strategy (SHSS or RHSS) Objective (OPTIONAL):			Obj. 6.3: Support intelligence & information sharing training & equipment for Region 3 LE agencies		
2.K Core Capability 1:		Prevention - Intelligence and Information Sharing			
2.L Core Capability 2:		Protection - Intelligence and Information Sharing

EQ		*** Please See Part III - Section 3.A - 3.I for the Allowability Review ***			

Alignment and Allowability Form					
Submit to: EMD_HSGP@michigan.gov		REVISION DATE: 10/2023		MSP/EMHSD Tracking Number: R3-2023-80-0013rr	
This form is to be used as a component in your decision making for generating expenses. Reimbursed equipment costs must conform to descriptions for grant allowability as provided under the AEL item number(s) referenced below. For all other solution areas, refer to the federal grant program guidance. It is essential that the costs illustrate progress toward achieving outcomes for the investment that has been selected as the basis for allowability. For any cost reimbursement that is determined unallowable by a future federal or state audit, funding shall be returned to MSP/EMHSD.					
Part III - ALLOWABILITY REVIEW					
3.A Solution Area:		Equipment		3.B AEL Number: See Section 3.C	
3.C Detailed Description of Costs:					
This project will fund the following:					
First year of user and software fees for qty 10 law enforcement grade infrastructure-free (solar power + LTE) license plate recognition cameras with Vehicle Fingerprint technology (proprietary machine learning software) and real-time alerts for unlimited users (Flock Safety Falcon or comparable)) @ \$3,100.00 ea. = \$31,000.00 (AEL: 03OE-01-ALPR)					
Qty six (6) Standard Implementation Fee - One-time professional services engagement to include site and safety assessment, camera setup and testing, and shipping and handling@ \$650.00 ea. = \$3,900.00 (AEL: 21GN-00-INST, 21-GN-00-SHIP)					
Qty four (4) MASH Tested Pole Implementation Fee - One-time professional services engagement to include site and safety assessment, camera setup and testing, and shipping and handling @ \$1,250.00 ea. = \$5,000.00 (AEL: 21GN-00-INST, 21GN-00-SHIP)					
Qty one (1) Advanced Search OS Upgrade to include convoy analysis, multi geo search, and visual search = \$2,700.00 (AEL: 03OE-01-ALPR)					
Second year of user and software fees for qty 10 law enforcement grade infrastructure-free (solar power + LTE) license plate recognition cameras with Vehicle Fingerprint technology (proprietary machine learning software) and real-time alerts for unlimited users (Flock Safety Falcon or comparable) @ \$3,100.00 ea. = \$31,000.00 (AEL: 03OE-01-ALPR)					
Total esimated project cost = \$73,600.00					
Region 3 would like to request the following modification for Project R3-2023-80-0013r in Section 3.C to include the following: First year of user and software fees for qty 10 law enforcement grade infrastructure-free (solar power + LTE) license plate recognition cameras with Vehicle Fingerprint technology (proprietary machine learning software) and real-time alerts for unlimited users (Flock Safety Falcon or comparable)) @ \$3,100.00 ea. = \$31,000.00 (AEL: 03OE-01-ALPR) Qty six (6) Standard Implementation Fee - One-time professional services engagement to include site and safety assessment, camera setup and testing, and shipping and handling@ \$650.00 ea. = \$3,900.00 (AEL: 21GN-00-INST, 21-GN-00-SHIP) Qty four (4) MASH Tested Pole Implementation Fee - One-time professional services engagement to include site and safety assessment, camera setup and testing, and shipping and handling @ \$1,250.00 ea. = \$5,000.00 (AEL: 21GN-00-INST, 21GN-00-SHIP)					
3.D Quantity:		N/A		3.E Unit Cost: Various	
3.F Total Cost:				\$73,600

3.G Detailed Narrative of Intended Use/Outcome: This project supports preventing, protecting against and responding to acts of terrorism by providing resources to gather intelligence that can be used to anticipate and identify emerging and/or imminent threats. This project will fund part of the first and second years of user and software fees, plus installation costs, for ten FLOCK license plate recognition cameras for the Genesee County Sheriff's Office. The service will be prorated to align with the performance period of the FY 2022 and 2023 HSGPs. The camera system will be used to gather vital intelligence and track suspected terrorists. The camera system will be used to capture objective vehicle data, including license plate numbers and vehicle descriptions 24/7. The system software offers real-time hot list alerts, search-able evidence, and vehicle analytics, empowering law enforcement officers to improve response times during critical incidents and streamline investigations. The information gathered from this equipment can assist law enforcement in effectively and appropriately sharing relevant, timely and actionable information and analysis with local, state, tribal, territorial, Federal, private sector, and international partners. This project can be claimed as LETPA as it addresses the core capability of "Intelligence and Information Sharing" within the National Prevention Framework. Specifically, this project directly addresses the critical task articulated in the framework of "gather/collect information via law enforcement operations, suspicious activity reporting, surveillance, community engagement, and other activities and sources as necessary." Combating terrorism continues to be a priority for the Department of Homeland Security. Our national security relies on our ability to share the right information with the right people at the right time. As the world has become increasingly networked, addressing the challenges to national security, both foreign and domestic, requires sustained collaboration and responsible information sharing. The imperative to secure and protect the American public is a partnership shared at all levels, including Federal, state, local, tribal, and territorial. Partnerships and collaborations must occur within and among intelligence, defense, diplomatic, homeland security, law enforcement, and private sector communities. This project establishes a secure and resilient nation by providing resources and equipment that will facilitate the timely, accurate, and actionable information resulting from the planning, direction, collection, exploitation, processing, analysis, production, dissemination, evaluation, and feedback of available information concerning threats to the United State, its people, property, or interests; the development, proliferation, or use of WMDs; or any other matter bearing on U.S. national or homeland security by local, state, tribal, territorial, Federal, and other stakeholders. Effective homeland security operations rely on cooperation and information sharing among federal, state, local, and tribal partners across all areas of the homeland security enterprise, including counterterrorism. Having equipment and resources that facilitate effective and timely gathering, analysis, and dissemination of intelligence and information is key to building a secure and resilient nation and combating terrorism. Completion of this project will ensure that law enforcement agencies in Region 3 have the resources to be able to gather, process, monitor, and distribute intelligence information.	
3.H Personnel Activity: Are the costs identified in this project associated with Personnel Activities? Please consult your federal grant program guidance for a more detailed description of allowable costs and to verify the maximum personnel cap percentage. The subrecipient is responsible for ensuring that the maximum personnel cap amount is not exceeded.	No
3.I EHP: Will there be ANY construction, ground disturbance, renovation and/or installation, or outdoor training or exercises with this project, regardless of funding source?	Yes
Environmental and Historic Preservation Compliance. The Federal Emergency Management Agency (FEMA) is required to consider the potential impacts to the human and natural environment of projects proposed for FEMA funding. FEMA, through its Environmental and Historic Preservation (EHP) Program, engages in a review to ensure that FEMA-funded activities comply with various federal laws. Use of funds for construction, renovation, installation, or outdoor training or exercise activities must comply with EHP standards. Subrecipients must complete and submit an EHP Screening Memo for these projects. The use of federal funds on any part of a project may "federalize" the entire project, thereby requiring an EHP Program review of the entire project. <u>Any activities that have been initiated without the necessary EHP review and approval will result in a non-compliance finding and will not be eligible for FEMA funding.</u>	
Federal funds must be used to supplement existing funds, and shall not replace (supplant) funds that have been appropriated for the same purpose. Potential supplanting will be carefully reviewed in subsequent monitoring reviews and audits.

PLEASE NOTE: Costs determined to be unallowable by federal or state audit shall be returned to MSP/EMHSD					
This form shall be provided with reimbursement requests to establish linkages between cost documents provided and grant allowability guidance.					
FOR MSP/EMHSD USE ONLY:					
Additional Information Requested:		☐ Yes	☐ No	Date Additional Information Requested:	
Grant Allowability Review:		☒ Justification Accepted		☐ Conditional Justification Accepted	
				☐ Justification Denied	
MSP/EMHSD REVIEWER:				Date: 8/14/24	
Justification or Conditional Justification Accepted means that MSP/EMHSD will work with the subrecipient during an audit to prove allowability under the grant program chosen in section 2.B based on the intended use/outcome described in section 3.G. If the intended use/outcome is different than listed in section 3.G, MSP/EMHSD may not be able to justify in an audit that the costs are allowable under the grant program chosen in section 2.B. If anything is deemed unallowable during an audit, the subrecipient will be responsible for repayment of the funding to the federal government and shall return the funds to MSP/EMHSD. Those receiving FEMA federal financial assistance are subject to the prohibitions described in section 889 of the John S. McCain National Defense Authorization Act for Fiscal Year 2019 (FY 2019 NDAA), Pub. L. No. 115-232 (2018) and 2 C.F.R. §§ 200.216, 200.326, 200.471, and Appendix II to 2 C.F.R. Part 200. This statute applies to FEMA recipients, subrecipients, and their contractors and subcontractors. The statute prohibits obligating or expending federal award funds on certain telecommunications and video surveillance products and contracting with certain entities for national security reasons. For additional guidance, please refer to FEMA Policy #405-143-1, Prohibitions on Expending FEMA Award Funds for Covered Telecommunications Equipment or Services (Interim).					

Ensure to follow all federal, state, and local laws related to civil rights and civil liberties.
