RE: 2024 Remonumentation Grant

BOARD ACTION REQUESTED:

Acceptance of 2024 Remonumentation Grant from the State of Michigan

BACKGROUND:

The Remonumentation program has been ongoing since 1992.

DISCUSSION:

The survey monuments within the County were first established starting in 1822. The first systematic program to revisit and confirm all monuments was initiated in 1992. After nearly 30 years the program expanded to include the establishment of interior section corners. Currently there are a total of 3,174 points in our database relevant to this program. The number of points confirmed or established each grant year is dependent upon recordation fees received through the register of deeds. In recent years the total has been between about 55 and 75 corners per year. For this grant the total is 65 corners.

IMPACT ON HUMAN RESOURCES:

None

IMPACT ON BUDGET:

Minimal. Grant funds mostly are paid to surveyors; however, some administrative costs are included. Account for grant funds: 2970-245.00-558.000

IMPACT ON FACILITIES:

Minimal. Temporary storage of monuments in closet on loading dock.

IMPACT ON TECHNOLOGY:

The information and data collected in the Remonumentation program improve our ability to create the most accurate representation of property parcel ownership that is possible.

CONFORMITY TO COUNTY PRIORITIES:

This program contributes to long term financial stability since it is 100% funded by recordation fees. The program also falls in the category of Community Growth in that it contributes to accurate property

surveys, descriptions and GIS representations which are important to economic development.

TO THE HONORABLE CHAIRPERSON AND MEMBERS OF THE GENESEE COUNTY BOARD OF COMMISSIONERS, GENESEE COUNTY, MICHIGAN

LADIES AND GENTLEMEN:

BE IT RESOLVED, by this Board of County Commissioners of Genesee County, Michigan, that the request by Genesee County Surveyor to authorize accepting a grant from the State of Michigan's Department of Licensing and Regulatory Affairs (LARA) to fund the remonumentation activity, in the amount of \$143,370.00 to be deposited into account 2970-245.00-558.000, for the period commencing January 1, 2024, through December 31, 2024, is approved (a copy of the memorandum request dated April 12, 2024, and supporting documentation being on file with the official records of the May 1, 2024 meeting of the Governmental Operations Committee of this Board), and the Chief Financial Officer is directed, as necessary, to make the line item budget adjustments.

The following section is divided into columns corresponding to the stages of the yearly Remonumentation Grant program, from left to right. Fill out the sections within the column of the current stage, while leaving the information from the previous stages in place. If the county does not submit a Progress Report, leave that column blank.

Budget (Grant Application) column refers to the estimated costs set forth by the County in the Grant Application.

Completion Report column will include all reimbursable expenditures by the County during the Grant Year. Any amount in this column must have receipts or invoices listing completed corners attached for reimbursement.

County must provide copies of all invoices, receipts, payment vouchers, etc. for any expenditures being submitted for reimbursement under the Remon Grant program. Invoices must be itemized (where applicable) and should not include costs outside of the Remonumentation program. A county requesting payment for a Cost Allocation Program or similar policy must have a complete copy of the Cost Allocation Plan on file with OLSR before payment is made.

As part of the 2024 Grant Application for Survey & Remonumentation, we offer the following narrative for items G and I of the Grant:

Item G: In the grant application accounts for duties include:

- coordination of the contracting process
- scheduling of meeting rooms
- distribution of monuments
- purchasing activities and entry of invoices into accounting system
- receiving documents from surveyors
- entry/submittal of LCRC documents

Item I: Charges consist of indirect costs as specified in the County CAP (Capital Allocation Plan) which allocates indirect costs by department. The figure is our best estimate because the CAP is based on a fiscal year which does not align with the grant year. As a result of this it has been impossible to predict at the time of the grant application precisely what the final indirect costs will be because they will change October 1st through the end of the grant year.
