The following section is divided into columns corresponding to the stages of the yearly Remonumentation Grant program, from left to right. Fill out the sections within the column of the current stage, while leaving the information from the previous stages in place. If the county does not submit a Progress Report, leave that column blank.

Budget (Grant Application) column refers to the estimated costs set forth by the County in the Grant Application.

Progress Report column will include any expenditures by the County up to that point. Expenditures must exceed the amount received by the county in the 40% Start-up Payment. Any amount in this column must have receipts or invoices listing completed corners attached for reimbursement.

Completion Report column will include all reimbursable expenditures by the County during the Grant Year. Any amount in this column must have receipts or invoices listing completed corners attached for reimbursement.

County must provide copies of all invoices, receipts, payment vouchers, etc. for any expenditures being submitted for reimbursement under the Remon Grant program. Invoices must be itemized (where applicable) and should not include costs outside of the Remonumentation program. A county requesting payment for a Cost Allocation Program or similar policy must have a complete copy of the Cost Allocation Plan on file with OLSR before payment is made.

County must provide a detailed, itemized budget report for all expenditures under the Remon program. Any payment amount that does not appear on the budget report cannot be considered for reimbursement under the Remon Grant program.
