Shipping Box

The shipping box (Regular Slotted Container – RSC) is a common box style that is durable and versatile. Customize your design to print inside, outside, or both sides. Choose from a standard size or enter custom dimensions to fit your product comfortably. This box comes pre-glued so all that's needed is tape to close and ship.

Inks

Digital printing using a CMYK color model with an extended color gamut for a wider range of color-matching possibilities. Leftover/unused ink is captured and recycled locally into ready-to-use, reclaimed water for an overall environmentally friendly printing process.

Our Materials

Our corrugated is made from up to 99% post-consumer recycled material.

Finishes available are:

- Kraft - Natural brown, uncoated matte finish
- White - Bright White, uncoated matte finish
- Premium White - Bright White, coated gloss finish
